About Us

ABJLGROUP is a group of companies consisting of multi-disciplinary Architects, Engineers, Real Estate Experts & Appraisers located on the island of Aruba, Curacao, Bonaire and with alliances in Miami Florida.

These different companies offer the services of Architectural & Design Development, Management & Planning, Appraisal, Inspections & other related services.

We are a dynamic group of creative, innovative and highly motivated skilled professionals in the field of Architecture & Construction.

ABJLGROUP's management team consists of Founder Jozef (Jossy) M.L.Lacle, who experiences consists of more than 38 years of experience in the field of Architecture, Construction and Construction Engineering, Carlos Trinidad, CEO of the Firm and Gregory (Greg) Lacle, Principle Architect & Construction Engineer of the firm, and has been involved for more than 175 years.

Principles

ABJLGROUPS principles are based on the ideology of Innovation and driven by the pursuit of Quality.

Strategy

The quality of a project is not necessarily related to how much it costs, but rather how wisely resources (time and money) are spent.

We understand the client's ideas, wishes and budgets, in order to go through conceptual development up to the final product.

Standards are set through an attitude to defining goals and honoring commitments.

Mission

Our Mission is to work closely with our clients; to bring their visions to life; to create their success ultimately creates our success.

Jozef M.L. Laclé (Jossy)

Founder, Board President

With more than 40 years' experience in the field of Architecture, construction and Construction Engineering. Jozef Laclé from a young age, after completing his studies in Architecture & Construction, initiated his career in the Architectural and Construction industry. He has worked for the public works (D.O.W.) and at a very young age, became the director of one of the largest Construction Company in Aruba in the 1980's, which was (B.M.A. Bouw Maatschappij Aruba.)

B.M.A. completed many prestigious projects for many known hotels, resorts and corporations.

In 1980, he brought the Tunnel Form building system for the first time on the island of Aruba and executed the first hotel construction using tunnel form construction in the hotel industry. Jozef was also in charge for the design and development of the current Resort currently known as the Marriott Vacation Club Resort in Aruba.

His knowledge expands in many areas of Architecture, construction, construction engineering as well as real estate. Jozef is also an active Appraiser and gives advices on a regular basis to financial institutions in regard to the area of Construction and Real-Estate.

Jozef retired as acting CEO in 2011, and is now the acting President of the Managing Board.

Greg Laclé

Email: greg@zenarch.net

Principal Architect, Construction Engineer, Managing Partner

Greg Lacle, after completing his studies under Ir. Cesar Terzano M.T.S in Aruba in the construction sector, pursued a bachelor's degree in Architecture at Florida International University's (FIU) School of Architecture.

Before joining ABJLGroup, Greg worked for Spillis & Candela, one of the largest architectural firms in Florida, with a team of over one hundred architects, interior designers, and engineers. His experience includes working on midsize to large-scale projects, spanning residential, hospitality, and commercial sectors. At Spillis & Candela, he was part of the 3D visualization team, responsible for conceptualizing and creating new projects. Greg is an expert in graphical, CAD, and 3D software, with a specialization in 3D visualization. His skills involve creating impressive concepts and translating them into 3D environments.

Greg regularly attends seminars and conventions on sustainable design, construction, and products related to architecture and construction. He actively gives lectures at schools, organizations, and universities. In his free time, he contributes articles on architecture, design, construction, and real estate to various newspapers and magazines.

As a green building architect, Greg has extensive expertise in sustainable design, particularly in LEED (Leadership in Energy and Environmental Design) and NetZero buildings. His knowledge in these areas is a significant asset to ABJLGroup, where he is recognized as the creative mind behind the firm's architectural and construction engineering projects. Greg's commitment to sustainable advanced building methods ensures that projects not only meet current environmental standards but also lead the way in innovative, energy-efficient design.

In 2009 and 2010, Greg served as the President of the Aruban Association of Engineers & Architects (ADIAA) and is a member of the American Institute of Architects (AIA). He is also an active member of Kiwanis of Palm Beach (KCPB), engaging in community service. Additionally, Greg is a licensed FAA private pilot and served as the President of the Aruba Flying Club (AFC) in 2008 and 2009.

Greg's dedication to sustainable design and his extensive experience in NetZero buildings make him a valuable leader and innovator in the industry. His comprehensive expertise in architecture and construction, combined with his passion for green building, positions him as a forward-thinking and influential professional in the field.

Rafael Uzcategui

Email: rafael@zenarch.net

Project Architect / Partner

Rafael Uzcategui brings nearly 20 years of experience in the field of civil construction. He is well-versed in executing construction projects on time and on budget, ranging from simple to intricate projects. His expertise spans a wide range of areas, including budgeting, unit price analysis, cost analysis, and business modeling.

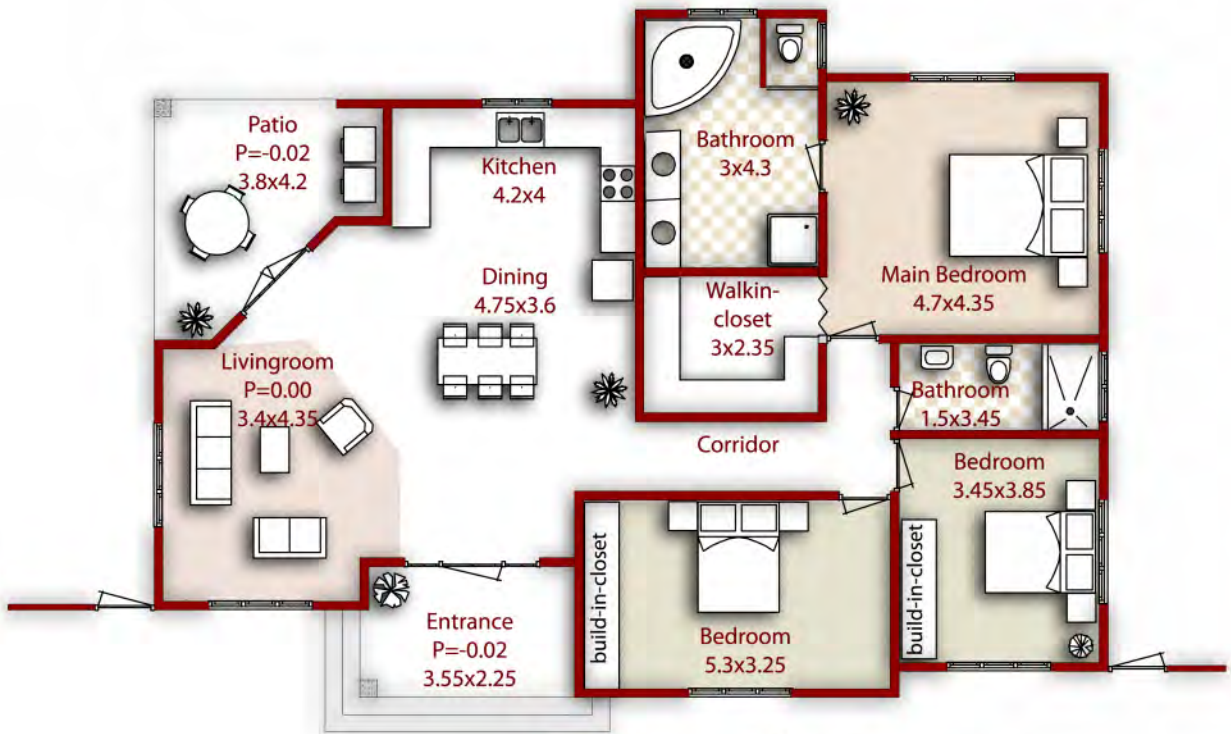

He offers financial advisory services, particularly in credit applications and management, and has a strong background in construction project management. Rafael is skilled in developing project execution schedules, disbursement planning, and investment planning. His proficiency also extends to conducting profitability and financial feasibility analyses, as well as market studies.

Rafael's past experiences, combined with his extensive knowledge in architecture, interior design, and civil construction, bring synergy to the team at ZenArch. Throughout his career, he has been the owner and partner of multiple residential developments and has founded companies across various sectors, achieving both national and international reach. In addition to his extensive experience in construction and business development.

Rafael is responsible for overseeing projects in our offices in Aruba, Miami and Medellin. His comprehensive knowledge and diverse skill set make him a valuable asset to any team.

TO WHOM IT MAY CONCERN

This is to inform you that mr. Jozef M.Lacle is the owner of the construction company ABJL & Partners(General Contractor).

I know mr. Lacle for almost 30 years now. Mr. Lacle had built the extension of the tower of American Resort(the Occidental Resort now) including the renovations of the lobby and casino and the renovations of the rooms at the Occidental. He also did the extension and renovation of the Alhambra Casino,renovation of rooms at the Radisson Resort, in 2006 and 2005 the renovation of towers(400 rooms) together with the lobby at Holiday Inn Sunspree Resort,the renovation of the rooms at the Renaissance Resort and the new Renaissance Conference Center,just to mention some.

M. Lacle has built a lot of commercial building and resorts here in Aruba and has a lot of experience in new construction and renovations of restaurant,casinos and resorts.

On many of those projects last 30 years,some way of other we have worked together.

His office is at Paradera 3-A, Aruba.

We can recommend hereby Mr. Jozef Lacle and his construction company ABJL & Partners N.V.General Contractor as a serious and responsible contractor,which has the capability and experience to build any Hotel Building,Hotel renovations,casino extension and renovations or restaurant renovations etc.etc.

Sincerely yours,

Frans Aarts

REFERENCE LETTER - ABJL&PARTNERS

Eagle Roofing and Construction, a roofing company registered at the Chamber of Commerce with registration 32485.0, has been in the roofing business for more than 8 years. We are the only company locally that is the distributor and certified installer of CARLISLE products. Our product range TPO, EPDM, PVC Roofing, Roofing insulation and many more.

ABJL&PARTNERS has been using our consultancy services for over 8 years, and we have been working with them on many projects, as well as residential and commercial.

Eagle Roofing can install and certify a roof, and provide 15 to 20 years of warranty on a roof project. The last few years, ABJL&PARTNERS has been integrating our product in their specifications because of the factory warranty we provide, and because of our expertise in the business.

Eagle Roofing is proud to have installed many roof projects for ABJL&PARTNERS clients and with certifications for ten(10) to twenty(20) of warranty.

We believe ABJL&PARTNERS is a serious Architectural & Construction company, and we would highly recommend them to our clients and associates.

Navin Seecharan
Managing Director

To Whom it may Concern.
Aruba, December 28th of 2019

InterContinental Hotels Group plc, IHG, has about 842,749 guest rooms and 5,656 hotels across nearly 100 countries. IHG owns several brands, including InterContinental, Regent Hotels, Six Senses Hotels, Kimpton Hotels and Resorts, Hualuxe, Crown Plaza, voco Hotels, Hotel Indigo, Holiday Inn, Holiday Inn Express, Holiday Inn Club Vacations, Avid, Candlewood Suites, EVEN Hotels, and Staybridge Suites.

In October of 2012 **IHG Holiday Inn Resort Aruba** signed a contract with ABJLGROUP represented by its director Gregory Lacle, established at Paradera 3-A, Aruba, to renovate 215 rooms of the Curacao Tower at the IHG Holiday Inn Resort Aruba, located at J.E . Irausquin Blvd #230, Noord, Aruba.

Undersigned, Construction Supervisor Steven DeMatteis, was Project Site Manager for IHG at the time for this project, hereby declares that IHG had the pleasure to work with ABJLGROUP together with their director Gregory Laclé.

This project was a very short project with various intricate challenges.

ABJL and its team has managed to overcome and to work through overcoming all these intricate challenges and has managed to deliver this project according to Architectural- Engineering Bidding Package Plans and Specs.

Undersigned would hereby like to state that the quality of the work delivered by ABJL was of a high quality as per International Construction standards and IHG is very happy and satisfied with the way this project has been executed by ABJL and his team and would hereby like to recommend ABJL for similar types of Resort type Construction works.

Sincerely Yours,

Steven DeMatteis / Project Manager
